# Words with oo, ue

Look at each picture. Read the words.

Example:

blue

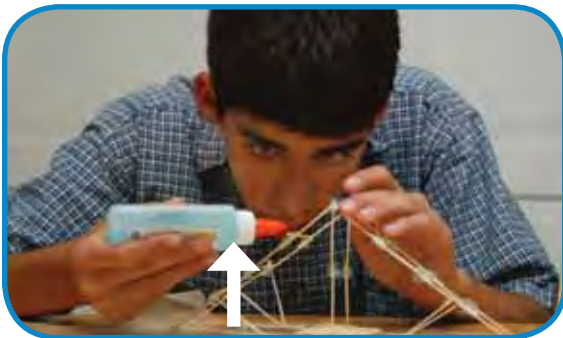

igloo

moon

raccoon

glue

bluejeans

# While You Sleep

by Kelsey Bruce

For teachers' inspection ONLY

Fran sleeps.

While you sleep, many things happen on Earth. Some things take place at night. Others happen in daylight. Why?

For teachers' inspection ONLY

Ming goes to class.

If it's midnight where you are, it's noon on the other side of Earth. It's true! Fran snoozes in Bloomfield, while Ming goes to class in China.

# Endings -er, -est

Look at each picture. Read the words.

bigest tinier tiniest

lowest higher highest

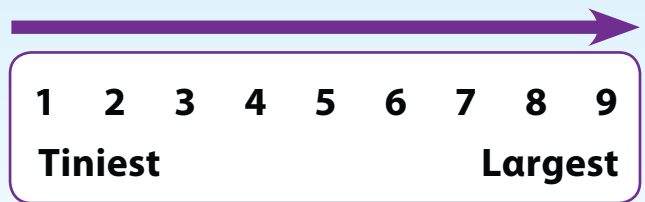

slowest faster fastest

# Animal Size Quiz

Do you like to watch shows about animals? See how well you know them. Work with a partner to rank the animals on these pages by size. Talk about it for a while. Begin with the tiniest. Which is a little bigger? A little bigger still? Keep going up to the biggest.

Then ask yourselves: Which animal is oldest? (It lived long, long ago.) Which animal is the hugest and longest living thing by far? (Here's a clue: It's all wet!) Check the answers on the next page. Did you do better than you thought?

Answer: 1. ladybug 2. blue jay 3. snow goose  
4. raccoon 5. gray kangaroo 6. saber-toothed  
tiger 7. moose 8. hippo 9. blue whale. The hugest and  
longest is the blue whale.
