

The LESSONS AND ACTIVITIES SECTION of Classroom Zoom is a database of over 11,000 resources in the following subject areas:

- Language Arts
- Reading
- Writing
- Spelling
- Vocabulary
- Literature
- Comprehension and Critical Thinking
- Social Studies
- History
- Geography
- Math
- Science
- Arts and Crafts
- Teacher Resources

Those are searchable by:

- keyword
- subject area
- grade level

 Advanced search by keyword, subject area and grade level

The screenshot shows the Classroom Zoom website interface. At the top, there are navigation links for Home, Favorites, and Free Lessons. Below this is a search bar with the text 'Lessons' and 'pronouns' entered. To the left, there are two filter sections: 'Grade Filter' and 'Subject Filter'. The 'Grade Filter' lists grades from Kindergarten to 6th grade. The 'Subject Filter' lists subjects like Language Arts, Mathematics, Reading, Writing, Oral Language, Phonics, Vocabulary, Reading Comprehension, and Editing. On the right, the 'Search Results' section shows three categories: 'Possessive Words', 'Writing: My Point of View', and 'Prepositional Phrases', each with a preview icon and 'Add to Favorites' button.

Narrow your search by grade or subject filters

Example of lessons

This block shows a preview of a lesson titled 'Exploring Pronouns' for 3rd-4th grades. The subjects listed are Language Arts, Writing, Oral Language, Grammar, Listening and Speaking. There are 'Preview' and 'Add to Favorites' buttons. To the right, a snippet of the lesson content is visible, featuring a 'Word Wall' with terms like 'Out of Sorts', 'Worried', 'In a Flash', and 'As You See It', along with definitions and examples.

Example of activities

This block shows a preview of an activity titled 'Match Them Up' for 3rd grade. The subjects listed are Language Arts, Writing and Grammar. There are 'Preview' and 'Add to Favorites' buttons. To the right, a snippet of the activity is visible, showing a grid of names and pronouns to be matched.

This block shows the full 'Match Them Up' activity sheet and its answer key. The activity sheet has two columns of names: 'Pronouns' (he, she, it, we, they) and 'Names' (sunshine, Mandy, Binky, Stella, and Giggles, Joan and I, Jack). The answer key lists the correct matches for each name.

The fully INTERACTIVE READING lessons help build reading comprehension and vocabulary skills using fiction and nonfiction texts. They are designed for use on any interactive whiteboard or individual computer.

A short story

This block shows an interactive reading lesson titled 'After School - Matching'. It includes a 'START OVER' and 'CHECK' button. The text of the story is displayed, and a 'START GAME' button is at the bottom. The story is about a boy who wants to go to the park after school but has to wait for his mother to get home.

This block shows the 'After School - Matching' activity interface. It has 'START OVER' and 'CHECK' buttons. The text of the story is on the left, and a list of words to match is on the right: car, biscuits, greatest, skates, park, name.

Matching, sorting, and sequencing activities

DAILY SENTENCE EDITING includes hundreds of sentences to be edited for spelling, punctuation, grammar, usage and mechanics. The software provides immediate feedback to students with or without the teacher involvement.

This block shows the 'Main Menu' for 'Daily Sentence Editing'. It has a 'Unit 1' dropdown and a 'Sentence 1' dropdown. There are 'Start', 'Guide', 'Sentence #', and 'Instant Sentence' buttons.

This block shows the 'Daily Sentence Editing' activity interface. It displays a sentence: 'susan and i saw a Movie on friday at 7:30'. There are 'Insert (below)', 'Switch Mode', 'Paint', 'Erase', 'Check All', 'Show Incorrect', 'Show Errors', 'Show Correct', 'Prev', 'Next', and 'Menu' buttons.

This block shows the 'Main Menu' for 'Math Word Problems'. It has a 'Start' button and a 'Problem #' dropdown. The menu lists various math topics: Addition, Subtraction, Multiplication, Division, Mixed Practice, Probability, and Logic.

This block shows the 'Math Word Problems' activity interface. It displays a word problem about Marie's hair bows and a 'Work Space' with a drawing of hair bows. There are 'Answer' buttons and a list of options: A. pink, B. green, C. yellow, D. blue.

MATH WORD PROBLEMS allows you to use "manipulatives" solving word problems without having to pick up and store all those little pieces! Students can see how to approach a problem and solve it on the interactive whiteboard or individual computer.
