e-Learning support from Stanford House to school English curriculum

- ① Classroom Zoom with over 36,000 pages of lesson plans >>> GENERAL ENGLISH PROGRAMME

 - to focus on **intensive learning and teaching** of the English Language knowledge and skills including **listening, reading, speaking, writing, grammar, vocabulary and phonics** etc.
 - learners participate in real-world tasks to exercise **integrated language skills** for effective communication
- ② SRA Reading Lab 2.0 and SRA Science iLab >>> INTERVENTION PROGRAMME

 - to raise reading achievement for struggling readers
 - need **additional time** and opportunities to focus on particular skills
 - only allow **limited classroom time** to monitor the programme
 - students are **able to self-monitor** after initial guidance
- ③ BEC Talking e-Book >>> READING WORKSHOPS in classroom (guided reading)

 - select **text types** and genres meeting curriculum modules and themes
 - implement with **lesson plans, pre-reading, while-reading and after-reading** activities
 - students learn to be a good reader with teacher's guidance
- ④ SHARK Online >>> SELF-ACCESS LEARNING (home & independent reading)

 - exercise the reading skills learnt from classroom **independently**
 - **self-reading** through a **variety of text types** for boosting learners reading skills and interests
 - help students to **become lifelong readers** of English
