Look Closely

We learn about things by looking at them and touching them.

We can remember and **compare** things if we can **describe** them.

What Size Is It?

Can you lift it?

Is it big or small?

4 5 6 7

We can look at tiny things with
a magnifying glass.

Is it long or short?

Rulers tell us how long
or tall something is.

Rulers measure **length**.
