Learning about Sharks

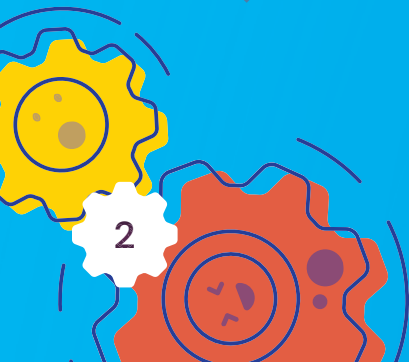

Joseph Otterman

Sharks are big fish.

They have big teeth.

STEAM CHALLENGE

The Problem

You want to study an animal. How can you watch it without being seen?

The Goals

- Make a screen so you can observe an animal.
- The animal should not see you.

Research and Brainstorm

Learn about sharks.

Design and Build

Draw your plan. Build your screen!

Test and Improve

Use the screen to observe an animal. Then, try to make it better.

Reflect and Share

What did you learn?
