

How Many Can You See?

by Anne Diorio

Level: **D**
Word Count: **160**
Math

How to Read This Book with Children

Skills You Can Teach

Sight Word Vocabulary

can	like
have	see
how	you

Concept Word Vocabulary

all	many
eight	one
four	three
lots	two

Phonics

- Words with a short **a** (animals, can, caps, cats, hats)

Comprehension

- Draw conclusions
- Make connections

1. Read the title of the book aloud.
Ask: What do you think this book will be about?
2. Talk about the pictures on each page.
3. Ask children to point to one or two words they know.
4. Read the first page to children.
Encourage them to read along.
5. Ask children to read the rest of the book aloud.
6. Support children if they have trouble reading a word by using some of these prompts:
 - *Try reading that word again. Do you know something about that word that can help you?*
 - *Look at the picture. What is happening?*
 - *What word makes sense here?*
7. Reread the book aloud together and talk about it.
8. Build language and comprehension by using the ideas at the back of the book.

I like animals.

Look at all my animals.

How many elephants can you see?

How many horses can you see?

How many elephants and horses
do I have?

$$5 + 3 = ?$$

I have lots of buttons!

Can you see eight red buttons?

Can you see four blue buttons?

How many red and blue buttons
do I have?

$$8 + 4 = ?$$

Now look at my hats.

I have five caps.

I have two top hats.

How many caps and top hats
do I have?

$$5 + 2 = ?$$
