Let's Skip Count!

Henry and his family
go for a hike.

He sees pine cones.

“Let’s skip count!” his mom says.

“Skip count?” Henry asks.

“I see four pine cones.
One, two, three,
four,” his mom says.

“Now let’s skip one
and three.”

“Two, four!”
says Henry.

“That is skip
counting by twos!”
his mom says.

Henry sees swans.

He skip counts by twos.

“Two, four, six, eight!”
he says.

2 4 6 8

Let's Review!

Count the pine cones below. How many are there? Practice skip counting them by twos, threes, and fours.

Picture Glossary

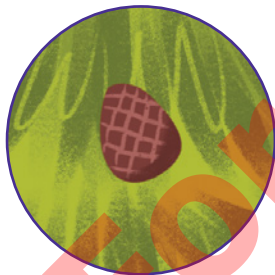

groups

Numbers of people or things that go together or have something in common.

hike

A long walk, especially in the country or the mountains.

pine cones

The hard fruit from pine trees.
