Selling Toys

“Are you ready for
our garage sale?”
Greg’s mom asks.

“Yes!” says Greg. “I’m going to sell these toys.”

Greg puts stickers on
the toys he will sell.

Small toys will cost
one dollar each.

Big toys will cost
ten dollars each.

$$\$20 + \$10 = \$30$$

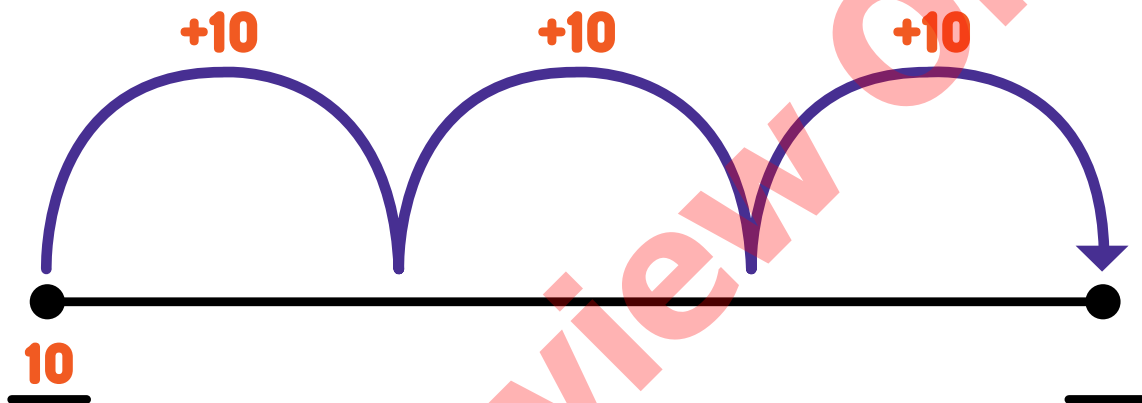

Greg adds the bills.

Let's Review!

Greg imagines a number line. It helps him add and subtract numbers. Let's try it!

1. Using this number line, **add** the numbers to find the answer:

2. Using this number line, **subtract** the numbers to find the answer:
