Time for a Trip

“Rise and shine, Tuan! It is time to get ready for our trip!” says Tuan’s dad.

“I can’t wait!” says Tuan.

“When do we leave for the airport?”

“At 9 o’clock,” says his dad.

“Is it 9 o’clock yet?” Tuan asks.

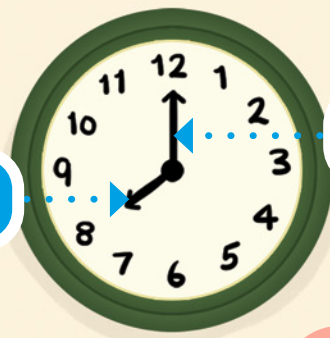

“Not yet,” says his mom.

“It will be when the hour hand points to the 9 and the minute hand points to the 12.”

hour hand

minute hand

“So it is 8 o’clock now?”
Tuan asks.

“That’s right,” his mom
answers. “The minute hand
needs to go all the way
around the clock and back
to 12. That is 60 minutes.
That is one full hour.
We have one hour to
finish getting ready!”

Let's Review!

Tuan tells time using both analog and digital clocks. How are analog and digital clocks similar? How are they different?

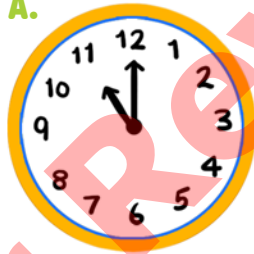

analog clock

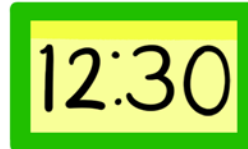

digital clock

What time does each clock below read?

A.

B.

C.

D.
