

GOAT moves out of the BARNYARD

by Nikki Potts

illustrated by Maarten Lenoir

Goat gets fed every
day at the farm.
There is plenty to eat.

It's good food.
But it's goat food.

Goat wonders what
it would be like to
try something new.

Hey, you! Ready for something new?

A tropical vacation
sounds like a delicious
place to start Goat's
foodie adventure!

MORE ABOUT NIGERIAN DWARF GOATS

Nigerian dwarf goats are dairy goats.
They produce milk.

These goats can be many colors
including spotted, brown, black,
gold, and other patterns.

Nigerian dwarf goats first came from West Africa.
Today they can be found all over the world.

Some Nigerian dwarf goats have horns.
They can also have beards.

Nigerian dwarf goats are very playful.
