Rumbledumble and the Storm

Illustrated by Gustavo Mazali

Oh! There's
Rumbledumble.
Hurry!

Rumbledumble is very big and a bit scary. The people in the village don't like Rumbledumble. When he goes to the village the people run into their houses and close the windows and doors.

- ▶ 3 But Anna and the other children like Rumbledumble. They aren't scared! In fact, they often go to play at his big house on the hill. They help in the garden and play games and watch TV. The children are happy and Rumbledumble is happy too!

- ▶ 4 One day it's raining. The children are sitting in the living room with Rumbledumble and Maxi. They're watching TV.

It's raining a lot! Oh dear! The rain is coming in through the window! And it's very windy. Oh dear! The wind is coming down the chimney! The children are very surprised and a bit scared.
