Our Garden

We have things to see
and things to smell
in our garden.

It is a special garden.

We have things to hear,
things to feel,
and things to taste
in our garden, too!

A Special Garden

You can make a special garden.

You will need:

soil

plant pots

plants

water

two bowls

little stones

a windsock

wind chimes

Things to See

You can put
lots of things to see
in your garden.

- Put some flower plants into a pot.

A **windsock** will spin
around and around
on windy days.

- Put a windsock
on a tree branch.
